## AGREE TO CONSIDER TERMS OF PEACE

### Japanese and Russians Accept Roosevelt's Suggestion.

### END OF WAR ALMOST ASSURED

### Germans and Englishmen Are Pleased and the Way President Roosevelt Has Conducted Negotiations and Will Give Him Their Support.

**TOKIO, June 12.—Japan has agreed to President Roosevelt's suggestion to appoint plenipotentiaries to meet Russian plenipotentiaries.**

**St. PETERSBURG, June 12.—It was stated at the foreign office this afternoon that Russia is ready to appoint representatives to hear the Japanese proposals on being informed that the Japanese are now nominating representatives for this purpose.**

New York, June 10—9:05 a. m.—The Associated Press has definite knowledge that both the Russian and Japanese governments have accepted President Roosevelt's suggestion and that

CZAR AND CZARINA OF RUSSIA.

a meeting of representatives of the two contending powers is assured.

**Roosevelt's Note Pleases Germans.**

Berlin, June 12.—The text of President Roosevelt's message on the subject of peace to the governments of Russia and Japan is regarded at the foreign office here as admirable in spirit and phrasing and positive hope now exists of comparatively early peace.

The Russian emperor in fact invited the action of the president and had much to dwo with the form that the much to do with the form that the peror Nicholas through the counsel of powerful personal influences in Russia became disposed toward peace some days in advance of the president's action. It was recognized at the Russian court that no man in the world could so well make an appeal for peace as President Roosevelt. His known views, the detachment of the United States from the European system and the good will Japan feels toward the United States made the president the solitary statesman who could take such a step without either side distrusting him or feeling annoyed by his solicitude.

The conviction here is that Russia now ready for peace and seeks ace, and the only difficulty is not surmountable by the negotiations ich will disclose Japanese terms.

mperor Nicholas now won for would again decide for war the Japanese attitude be uncon tory or even one of long hesita and reserve, though it is under t Japan also gave the presi assurances before he acted

**nd Supports Roosevelt.**

June 10.—12:40 p. m.—The terest is manifested in Pres it's note endeavoring to nd Russia to an under hile the British govern aking any part in the ne is giving the most cordial support to the president, of whose actions in the matter it has been kept fully informed.

Diplomatic and official circles speak in the highest terms of the diplomatic manner in which the president handled the matter and are fully in accord with what they considered to be the only way in which the difficulty could be overcome. The United States not being entangled in any way could take action, but even they could do no more than endeavor to start direct negotiations between the belligerents. Japan it can be stated, refused to start the negotiations until fully assured of the earnestness of Russia, and that her proposals would be seriously considered. Her demands will include an indemnity, the amount of which has been fixed by the Japanese government, and on this point the president is urging lenient treatment. It is considered here that Japan is entitled to an indemnity, and it is pointed out that while the payment of indemnity might affect the standing of Russia among the powers, it is not so serious as the loss of territory, besides the payment of an indemnity would be forgotten sooner than the loss of territory, and would leave no feeling for revenge.

Financial circles in London are of the opinion that the Japanese will demand an indemnity amounting to about $1,000,000,000, that being their estimate of the cost to the Japanese of the 16 months of fighting. This is considered in some quarters to be too large an estimate of the expenditures, which is thought to be nearer $600,000,000.

### ALFONSO LEAVES FOR SPAIN.

**Young King Enjoyed His Visit to England Very Much.**

London, June 12.—King Alfonso left London for Spain this morning. He apparntly thoroughly enjoyed his visit, and the character of the farewells testified the cordiality of the feelings of the host and guest.

King Edward, the Prince of Wales and the Duke of Connaught accompanied the Spanish king to the railroad station, where he met the Spanish ambassador, Senor Polo de Barnabe, the rest of the Spanish embassy, Foreign Secretary Lansdowne and others. King Edward entered the royal car with his guest and engaged in a few minutes' earnest conversation with him. As the train moved out of the station King Alfonso stood at a window waving farewells to the members of the British royal family who stood bareheaded until the Spanish king had disappeared from their sight.

**One Jew Killed; 20 Injured.**

Minsk, June 12.—The report published in a London newspaper that one hundred persons were shot during the rioting here recently is incorrect. There was a street riot here Thursday on Cathedral square between soldiers and Jews. It was provoked, according to the official version, by the theft of a purse from a soldier off duty. His comrades beat a Jew, whereupon a crowd of about 600 of the latter's co-religionists gathered to rescue him. The Jews used stones and revolvers and the troops were summoned. They fired into and dispersed the crowd with the result that one Jew was killed and 20 were wounded and a soldier was shot. The chief of police sustained a wound on the head by a flying missile and one policeman was severely wounded.

**Davis Elected to Congress.**

Charleston, W. Va., June 12.—It was stated at Republican state headquarters that returns from the second congressional district, where a special election was held, showed the majority for Thomas B. Davis (democrat) over James S. Lakin (Republican). Thos. B. Davis is a brother of Henry G. Davis, recent candidate for vice president.

**Girls Jumped to Save Lives.**

Dallas, Tex., June 12.—Four young ladies were injured and about $1,500 worth of property was destroyed by a fire which broke out in the residence of Police Captain R. P. Keith. The young ladies, who sustained injuries by jumping from a second story window, which was some 20 feet from the ground.

## WILL NOT ACCEPT EMPLOYERS TERMS

### So President Shea Declares In Regard to Chicago Strike.

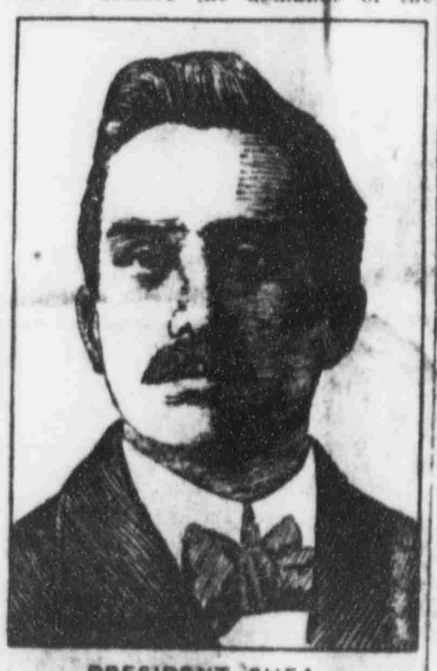
### SALARIES OF GUARDS RAISED

**Two Hundred Members of Garment Workers' Union Meet and Call Off Strike Which Was Cause of the Trouble of Teamsters' Union.**

Chicago, June 12.—Peace negotiations between the Teamsters and the State street merchants, either individually or collectively, are at an end, and hereafter all meetings for the purpose of bringing the strike to a close must be arranged through John W. Farrell, chairman of the action committee of the Chicago Employers' association.

An acceptance in full, of what offers may be made by the employers for a calling off of the strike were according to the employers, the only avenues by which the teamsters can get rid of the fight.

President Shea and other strike leaders declare the demands of the



PRESIDENT SHEA.

be discarded and that police protection shall continue, even if the strike is declared at an end, never will be accepted.

At a meeting of the Clothing Cutters' union, local No. 12, two hundred members of the local have held a "rump" meeting after the regular session had adjourned and declared off the strike that has been on since last October.

The strike affects 600 cutters and 3,000 garment workers, and was the direct cause of the teamsters' strike.

The council finance committee has decided to pay the additional policemen employed for strike duty $2.50 a day instead of $2, which usually is given policemen in the first stage of their employment. As there are now about 1,400 additional policemen, the city must pay $3,500 a day in salaries for the temporary force.

John C. Driscoll, formerly secretary of the coal team owners' association, whose name has figured largely in charges attributed to the former president, Al Young, and President C. P. Shea, of the teamsters, has returned to Chicago. Driscoll said today that he has not been evading service of subpoenas, but had been attending to details of business in connection with some property in Idaho. Driscoll today denied that stories ascribed to Young and Shea. Driscoll has been mentioned as having knowledge of money transactions alleged to have been conducted by various employers to obtain or call off strikes.

Immediately upon arrival in Chicago Driscoll got into communication with the state's attorney and asked if it was desired to serve a subpoena to have Driscoll appear before the grand jury. The state's attorney said he would waive the formality if Driscoll would come before the grand jury and appear at state's Attorney Healy's office today for examination. Driscoll agreed to the two requests.

**Water Wrecks Montana Town.**

Livingston, Montana, June 12.—In ten minutes today water destroyed $50,000 worth of property here. For three hours all the business district was flooded. Rain fell like water poured from a bucket. A wall of water 4 feet high came down the narrow valley and tore up the track. When it reached the station the stream was 1,000 feet wide and 2 feet deep.

**TELEPHONE COMPAINES TO MEET**

**Members of Independent Lines To Gather in Chicago.**

Chicago, June 12.—The annual international interstate telephone association which is the organization of independent telephone compaies of the country, takes place in this city June 20, 21 and 22.

The convention will be a delegate body of 400 to 500 members, augmented by the leading spirits in the promoting and financial fields of independent telephony.

The purpose of the organization is to effect among the various independent interests a closer and more militant organization for successful meeting opposition. The situation in the United States, according to government representatives and other authorities show the independents to have 2,500,000 telephones and invested capital of $250,000,000, as against 1,800,000 other telephones and invested capital of $400,000,000.

**Casket Factory Burns Down.**

New York, June 12.—A fire started in the factory of the New York and Ninth street in the Williamsburg sec- Brooklyn Casket company in South tion of Brooklyn today and swept through several adjoining buildings, including the 6-story factory of William Vogel & Bro. Two 3-story dwellings adjoining the casket factory and the lumber yards of the casket company also caught fire and burning embers were sent flying over a long distance. The blaze spread so fast that the firemen were compelled to drag their engines out of its way by hand. Arnold Strehm, a driver for the casket company, was asleep in the fourth story of the factory when the fire started and received injuries from jumping which may prove fatal.

**Slayer of Rice Must Die.**

Ossining, N. Y., June 12.—Albert T. Patrick was informed today in his cell in Sing Sing prison of the decision of the New York state court of appeals sustaining a judgment of conviction of murder in the first degree in causing the death of William Marsh Rice, the aged millionaire in New York city in 1900. The news did not seem to have the slightest effect on Patrick's spirits. He told the warden that he intended to have a re-argument of the case and that a motion to a new trial would be made to the appellate division and probably also to the court of appeals. The action, he said, would be based on the ground of newly discovered evidence and errors at the former trial.

**Fireman Kills Himself.**

Atlanta, June 12.—R. T. Payne, formerly a fireman, stationed at engine house No. 7, shot and killed himself early Saturday morning in the woods near Ashby and Beecher streets, West End. Payne had been mentally unbalanced since the terrible freeze of last winter. While at a fire in February his hands became frozen and the terrible pain that he suffered affected his mind. Since that time Payne had frequently wandered from home and was once found in a swamp by a party searching for him. Payne used a 38-caliber revolver and shot himself in the left breast. He was found at 9:45 o'clock in the morning by a negro boy. He lived at 48 Evan street and was about 60 years old.

**Charged with Embezzlement.**

Goldfield, Nev., June 12.—The preliminary examination of J. B. Young, of the Young Field Bank and Trust company, and Francis L. Burton on the charge of conspiracy and obtaining money under false pretenses has resulted in their acquittal. Young was remanded into custody pending his trial on the charge of embezzlement. Cashier Boules testified that the bank's capitalization which was said to be $100,000, was only in reality $17,500 cash.

## MORTON NOW HEADS EQUITABLE SOCIETY

### Former Secretary of Navy New Chairman of Trustees.

### POLICY HOLDERS TO COME FIRST

**Ex-President Cleveland and Other Prominent Americans Appointed As Trustees—Long Fight Over Management of Company Ended.**

New York, June 12.—Paul Morton, the newly elected chairman of the boardo f directors of the Equitable Life Assurance Society of the United States of America today said that in his plans for the reorganization of the society he intends to consider first of all the interests of the policy holders.

"You can say for me," said Mr. Morton, "that the watchword in my connection with the Equitable Life Assurance society will be, 'for the best interests of th epolicy holders.' I do not propose to reflect in any way on the former management. I simply take matters as I find them, and shall give all my efforts to carry on the society in the proper way. The inter-

ests of the policy holders are the greatest interests and it would seem to me that no policy leaving this fact out of consideration can succeed."

Mr. Morton was then asked whether Grover Cleveland had agreed to act as a trustee.

"I really don't know as to that," he said. "In fact, I don't believe any one knows what decision Mr. Cleveland has reached. I hope he will accept."

George Westinghouse announced today that he had accepted the trusteeship of the Equitable stock offered him by Thomas F. Ryan. Justice Morgan J. O'Brien also has agreed to act as trustee.

**Ex-President Cleveland a Trustee.**

Princeton, N. J., June 12.—Former President Cleveland said today that he received official notification of his selection as one of three trustees of the Equitable Life Assurance society, and that he thought it his duty to accept the position.

**Took Acid for Lime Water.**

Atlanta, June 12.—Mistaking a bottle of carbolic acid for a bottle of lime water, both of which she had purchased, Mrs. Julius Markles, of 264 Auburn avenue, the wife of a merchant, drank freely of the former and died at Grady hospital. The store of the husband of the deceased is facing the house, and Mr. Markles saw his wife fall in the dining room. She had been in delicate health for several months.

**Mississippi Bank Fails.**

Greenville, Miss., June 12.—The Merchants and Planters' bank today made an assignment, Dr. J. T. Atterbury, vice president of the First National bank of Greenville, being appointed assignee. The failure of the bank, it is said, was due to drafts going to protest in New York.

# WITH HIS OWN GUN NEGRO WAS KILLED

## Dance Among Micanopy Colored People Ended Seriously.

### WILKERSON MET HIS DEATH

**Was Told to Keep Quiet, When He Reached for Gun and Made Things Lively for Marshal Crisman for a Few Minutes—Crisman Had to Kill Him.**

There was a lively time at a negro frolic in Micanopy at a late hour Saturday night with the result that one man, John Wilkerson, was buried Sunday afternoon.

From the best information obtainable it appears that the negroes were having a frolic and dance at a house in the outskirts of the town and neighbors complained of the noise. Marshal C. H. Crisman went to the scene and ordered them to desist, when Wilkerson, the victim of the tragedy, went after him with a gun. Crisman grasped the gun and a hand-to-hand encounter ensued, the marshal endeavoring to get possession of the gun and in the meantime the piece was discharged, the contents going into the ceiling overhead.

After one chamber of the gun was discharged Crisman and Wilkerson clinched and fell, rolling out of the door into the yard. About that time Crisman's son and nephew, Geo. Crisman and Basney Harris, came upon the scene and interfered, the pistol was fired again and Wilkerson fell dead.

A coroner's jury comprising J. H. Prator, N. B. Mott, J. H. Moffett, E. C. Chitty and R. S. Chitty was secured and an inquest was held, the verdict of the jury vindicating the officer, as he was endeavoring to protect the law by stopping the rowdiness said to have been prevailing at the dance just before the Sunday hour.

The verdict of the jury was justifiable homicide, as Marshal Crisman was acting in self-defense.

It is said the negro was killed with his own gun.

### JUDGE MASON'S COURT.

**Two Negroes Arrested for Carrying Concealed Weapons Were Fined.**

Jim Simmons and Charles Williams, two negroes who were arrested at Orange Heights by Deputy Sheriff Granger upon a charge of carrying concealed weapons, were arraigned in Judge Mason's court Monday and were assessed to pay a fine of $100 each or spend three months in the county "gang." Having failed to produce the fine they were remanded to prison and will be compelled to shave pine trees for the next quarter.

This habit of the reckless carrying of pistols should be stopped, and the officers of Alachua county are doing all in their power to check it. A pistol toter is the worst kind of a proposition and this kind of a citizen does not meet the public approval.

### GAINESVILLE MELON MOVEMENT

**Gainesville Melon Growers' Association Shipping Good Fruit.**

The Gainesville Melon Growers' Association is holding its own so far as shipments are concerned this season. The Association so far has shipped about thirty carloads of cantaloupes, and the returns so far have been quite satisfactory. The fruit is very choice, being possessed of a fine flavor, and sells readily in the market at prices which make the growers feel good.

On Saturday two carloads of cantaloupes left via the Seaboard Air Line from Gainesville. This fruit was consigned to Eastern markets, and will no doubt bring satisfactory returns.

**If the Baby is Cutting Teeth**

Be sure and use that old and well-tried remedy, Mrs. Winslow's Soothing Syrup, for children teething. It soothes the child, softens the gums, allays all pain, cures wind colic and is the best remedy for diarrhoea. Twenty-five cents a bottle.

**They Will Get Married.**

This seems to be a season of matrimony, and His Honor Judge Mason is kept busy issuing marriage licenses. The genial Judge does not object to this, however, as it "counts" in a financial way, and he is never happier than when he thinks he is joining two hearts together for the betterment and happiness of mankind.

The Judge has issued within the past two days marriage licenses to W. S. Cauthen and Annie Whilden, Gilbert Gother and Bessie Blaxton, H. L. Cannon and Rosa Belle Tillman, white.

## NEWS OF CITY AND COUNTY CONDENSED

T. J. Capers of White Springs is greeting his old friends here.

Mrs. E A DeSha of Waldo is in the city on a visit to her daughter, Mrs. C. A. W. Thomas.

Miss Fannie Cook left yesterday for Jacksonville, where she will enter St. Luke's Hospital as a trained nurse.

The interior of the court house is being improved in appearance by a liberal application of paint. The work is being done under the supervision of Sternberger & Phillips, contractors.

Harvey P. Robinson left yesterday for Brunswick, Ga., where he will superintend the loading of several hundred bales of cotton for Dutton & Co. This cotton will be shipped by water to Eastern markets.

Mrs. S. H. Wienges and nieces, Misses Bessie and Edith Wilson of Fort George, who are visiting Mrs. Wienges, departed yesterday for Ocala, where they will be the guests of relatives for the next few days.

G. W. Harrison of Hague was in the city yesterday. Among other business transacted was a subscription to Alachua's luminary. Mr. Harrison states that crops are looking well in his section, with promise of a fair yield.

J. B. Wilson and J. B. Pate of Jacksonville, representing the Ludden & Bates Southern Music House, have been in the city for the past two days working the trade with great success. Mr. Pate formerly made his headquarters here and has always enjoyed a fine business throughout this section.

J. W. Simmons of Paoli, Ill., who has been connected with the East Florida Seminary in this city during the past season, has gone to Orlando. From that city he will proceed to his Indiana home for a few weeks. He entered the teachers' examination here, however, and will be an applicant for a position in Alachua county during the coming term. He is well pleased with Florida, especially Alachua county, and says he proposes to make his home permanently here.

# MELTON'S MILL WAS BURNED AT CENTRAL

## One of the Best Saw Mill Plants in County Went Up in Smoke.

### THE LOSS WAS VERY HEAVY

**Plant Valued at About $5,000, and $1,000 Worth of Lumber Burned Also—Fire Discovered in Engine Room, But Could Not be Checked.**

Central, near Micanopy, was visited by a disastrous fire Sunday afternoon which reduced to ashes in a short time the main support of the village, and one of the best and most modern saw mill plants in this section, being the mill of C. E. Melton.

The fire started in the engine room. It was discovered about 2 o'clock, when it was said there was a blaze no larger than a man's hat; but it appears that the fire protection must have been inadequate, since it was impossible to check the flame, with the result that in a few moments the mill was a seething mass.

This mill, which was completed about three years ago, had a capacity of 20,000 feet per day, and was a modern plant in every way, containing the latest improved machinery. It was a great benefit to that section, since a large number of hands were employed, and the loss will have its effect upon the commercial interests.

In connection with the plant, which was a total loss, it is said that about $1,000 worth of lumber was destroyed.

This mill must have cost in the neighborhood of $5,000, and the friends of Mr. Melton will sympathize deeply with him in this loss.

It was not learned whether the property was insured or not, but it is natural to suppose that there was some insurance.

**That Tired Feeling.**

If you are languid, depressed, incapable for work, it indicates that your liver is out of order. Herbine will assist nature to throw off headaches, rheumatism and ailments akin to nervousness and restore the energies and vitality of sound and perfect health. J. J. Hubbard, Temple, Texas, writes: "I have used Herbine for the past two years. It has done me more good than all the doctors. It is the best medicine ever made for chills and fever." 50c. Sold by W. M. Johnson.

**Teachers' Examination.**

The examination of applicants for teachers' positions in the public schools of Alachua county having been completed, the papers were turned over to the grading committee Saturday, and this committee is expected to make a report within the next day or two.

The examination, while perfectly fair to all participants, was a thorough one, and the care with which the blanks were prepared is a guarantee that the children of Alachua county will be taught by competent instructors during the next term.

Superintendent Kelley is a thorough educator, and believes in carrying his ideas out with a benefit to the taxpayers, the patrons and the pupils. In this he has so far succeeded admirably.

**Sprained Ankle, Stiff Neck, Lame Shoulder.**

These are the common ailments for which Chamberlain's Pain Balm is especially valuable. If promptly applied it will save you time, money and suffering when troubled with any one of these ailments. For sale by all druggists.

**Attention, K. of P.**

The regular weekly meeting of Mt. Vernon Lodge No. 20, Knights of Pythias, will be held at the castle hall this evening at 8 o'clock. A full attendance is desired, and visiting brothers will be welcome.

E. G. BAXTER, K. of R. & S.

**Tax on Babies.**

Extreme hot weather is a great tax upon the digestive power of babies. When puny and feeble they should be given a few doses of White's Cream Vermifuge, the children's tonic. It will stimulate and facilitate the digestion of their food, so that they soon become strong, healthy and active. Sold by W. M. Johnson.

**Ayer's Cherry Pectoral.** Doctors have used it for over sixty years. We are willing, anxious that you should ask your own doctor about your using it for coughs, colds, bronchitis. J. C. Ayer Co.

# OLD SORES OFFENSIVE DANGEROUS

Nothing is more offensive than an old sore that refuses to heal. Patiently, day after day, it is treated and nursed, ever salve, powder, etc., that is heard of is tried, but does no good, until the ver sight of it grows offensive to the sufferer and he becomes disgusted and mo bid. They are not only offensive, but dangerous, because the same gerr that produces cancerous ulcers is back of every old sore. The cause is i the blood and as long as it remains the sore will be there and continue to grow worse and more destructive. The fact that thousands of old sores have been cut out and even the bones scraped, and yet they returned, is indisputable evidence that the blood is diseased and responsible for the sore or ulcer. Valuable time is lost in experimenting with external treatments, such as salves, powders, washes, etc., because the germs and poisons in the blood must be removed before a cure can be effected. S. S. S. cleanses and purifies the circulation so that it carries rich, new blood to the parts and the sore or ulcer heals permanently. S. S. S. not only removes the germs and poisons, but strengthens the blood and builds up the entire system by stimulating the organs, increasing the appetite and giving energy to the weak, wasted constitution. It is an exhilarating tonic, aids the digestion and puts every part of the body in good healthy condition. Book on the blood, with any medical advice wished, without charge.

Some years ago my blood became poisoned, an the doctor told me I would have running sores fo life, and that if they were closed up the resul would be fatal. Under this discouraging report left off their treatment and resorted to the use o S. S. S. Its effects were prompt and gratifying It took only a short while for the medicine to en tirely cure up the sores, and I am not dead as th doctors intimated I would be, neither have th sores ever broken out again. ## The Cause of Many Sudden Deaths.

There is a disease prevailing in this country most dangerous because so deceptive. Many sudden deaths are caused by it—heart disease, pneumonia, heart failure or apoplexy are often the result of kidney disease. If kidney trouble is allowed to advance the kidney-poisoned blood will attack the vital organs, causing catarrh of the bladder, or the kidneys themselves break down and waste away cell by cell.

Bladder troubles almost always result from a derangement of the kidneys and a cure is obtained quickest by a proper treatment of the kidneys. If you are feeling badly you can make no mistake by taking Dr. Kilmer's **Swamp-Root**, the great kidney, liver and bladder remedy.

It corrects inability to hold urine and scalding pain in passing it, and overcomes that unpleasant necessity of being compelled to go often through the day, and to get up many times during the night. The mild and the extraordinary effect of Swamp-Root is soon realized. It stands the highest for its wonderful cures of the most distressing cases.

Swamp-Root is pleasant to take and is sold by all druggists in fifty-cent and one-dollar size bottles. You may have a sample bottle of this wonderful new discovery and a book that tells all about it, both sent free by mail. Address, Dr. Kilmer & Co., Binghamton, N. Y. When writing mention reading this generous offer in this paper. Don't make any mistake, but remember the name, Swamp-Root, Dr. Kilmer's Swamp-Root, and the address, Binghamton, N. Y., on every bottle.

### Cures Old Sores.

Westmoreland, Kans., May 5, 1902. Ballard Snow Liniment Co.: Your Snow Liniment cured an old sore on the side of my chin that was supposed to be a cancer. The sore was stubborn and would not yield to treatment, until I tried Snow Liniment, which did the work in short order. My sister, Mrs. Sophia J. Carson, Allensville, Mifflin Co., Pa., has a sore and mistrusts that it is a cancer. Please send her a 50c bottle. Sold by W. M. Johnson.

## THE FOURTH AT TRENTON.

### The People of That Section Will Celebrate Nation's Independence.

The good people of Trenton and vicinity are nothing if they are not patriotic. Next to their families and cattle they love their country and are preparing to demonstrate this fact on the Glorious Fourth, when they will unite in a grand picnic, which will be held at the old mill near Trenton.

A committee, appointed several days ago, are hard at work arranging a program which for elaborateness has not been surpassed in the West End. A brass band has been secured, it is said, and several prominent speakers have been selected from the neighborhood and elsewhere who will deliver inspiring addresses.

There will be a big dinner, and in all the affair promises to be one which all who attend will never forget. In short, it will be a good old-time love feast, such as the people of the West End are noted for, and those who fail to be present will have cause to regret.

### A Thousand Dollars' Worth of Good.

"I have been afflicted with kidney and bladder trouble for years, passing gravel or stones with excruciating pain," says A. H. Thurnes, a well known coal operator of Buffalo, O. "I got no relief from medicine until I began taking Foley's Kidney Cure; then the result was surprising. A few doses started the brick-dust-like substance and now I have no pain across my kidneys and I feel like a new man. It has done me $1,000 worth of good." Foley's Kidney Cure will cure every form of kidney or bladder disease. J. W. McCollum & Co.

## A BANKRUPTCY CASE.

### R. B. Porter Declared Bankrupt—Trustee and Appraisers Appointed.

The case of R. B. Porter, bankrupt, came up before Referee W. H. Palmer Saturday afternoon.

Notwithstanding that a notice was published notifying all creditors, of whom there were many, to appear either in person or by attorney, only two were represented by Attorney W. J. Metcalf of West Palm Beach, who held power of attorney.

B. R. Colson was appointed trustee, while W. O. Morris, John F. Seagle and H. W. Waits acted as appraisers. The assets consist of bicycles and sundries, appraised value of $248; open accounts in bankrupt, $152. The total liability of the bankrupt is $2,079.88, and, inasmuch as he claims a homestead exemption of $1,000, it looks bad for the creditors.

### Just What Everyone Should Do.

Mr. J. T. Barber of Irwinville, Ga., always keeps a bottle of Chamberlain's Colic, Cholera and Diarrhoea Remedy at hand ready for instant use. Attacks of colic, cholera morbus and diarrhoea come on so suddenly that there is no time to hunt a doctor or go to the store for medicine. Mr. Barber says: "I have tried Chamberlain's Colic, Cholera and Diarrhoea Remedy, which is one of the best medicines I ever saw. I keep a bottle of it in my room as I have had several attacks of colic and it has proved to be the best medicine I ever used." Sold by all druggists.

## GAINESVILLE THE PLACE.

The city of Gainesville offers a dozen excellent reasons for that city being as the proper location for the new State University. They are all good ones and should weigh heavily with those who are authorized to make the selection. In her plea for the University, Gainesville is shown to be what she is, viz: a distinctively college town, centrally located, healthy both from a moral and physical standpoint, crowned with the halo of fifty years of college tradition, possessing a citizenship imbued with a healthy and enthusiastic educational sentiment and because there would at once be transferred to the University all the strong affection and powerful influence of the large body of the Seminary alumni, which is now larger than that of all the other State schools combined. Gainesville is the proper location and South Florida shall use her influence to secure the University for that city.—DeSoto County News.

Those Gainesville people are certainly wide awake over the school proposition. Having abundant faith in their own and the advantages it offers as a site for the State University, the people of Gainesville are flooding the State with letters and telegrams asking for support. They want a good word said for their town, and in strong and forcible language they point out the good points of the place for the location of a large State school and then follow this up with repeated requests for a good word and support. There is nothing slow about them and they have faith in their town and its advantages which deserves to win out.—Tampa Daily Herald.

As was to be expected, the passage of the Buckman bill brought on a keen rivalry as to the seat of the State University. Lake City, it seems, had no expectation of giving up her hold, on account of the money already invested there and in lands and buildings. Gainesville is a popular competitor and has numerous sound reasons for urging that the University be located there. We would be glad to have it situated nearer our end of the State, and if the Female College is to go west of the Suwannee river think the other should come farther into the peninsula.—Arcadia Champion.

Chief Justice Shackleford, one of Florida's ablest jurists, is receiving many compliments from the State press. The honors given him are justly bestowed. The supreme court of the State is now in eminent hands.

There is liable to be a race war in Indian Territory. One of the Marcum family of Kentucky was killed at Muskgee by a colored man.

Bigelow, the man who robbed the Milwaukee bank, gets ten years at hard labor in the Wisconsin State prison. He's entitled to it.

The Czar is not quite clear on the peace proposition. He perhaps thinks it something on the eternal order.

As between being interned and interred, most of the Russian navy have chosen the former.

## THE CITY OF GAINESVILLE.

By glancing over the topographical map of Florida, the observer will notice that Alachua county is nearly in the center of the State, East and West, and right on the "divide," so to speak, being the highest in altitude of any of the counties of the chain from North to South. In consequence the natural drainage of the county is better than any other portion of the State, relieving it of any stagnant water that is liable to breed malaria, and the rainfall is not quite up to that of other counties. So much for the location and health of the county, which can be verified on investigation.

The city of Gainesville is located on rolling land, so far as the greater portion is concerned, and there is ample opportunity for a good system of sewerage, which would place it beyond any fear of infection or contagion, with the ordinary steps taken toward sanitation.

The water supply of the city for all purposes, pumped from the city works on the outskirts of town, is taken from springs that produce the purest to be had in the State. Few people realize its superiority until they visit other localities that lay great stress on their flowing well, which in nearly every instance contain some mineral of an unwholesome nature, which is not to be found in our pure spring water, which is pleasant to the taste and possesses medicinal qualities in a moderate degree.

The streets of Gainesville are systematically laid out, and many of them are well made, nearly all being shaded with towering oaks, giving the thoroughfares the appearance in many portions of a well shaded park, while the handsome residences to be found in large numbers all give evidence of thrift with the beautiful lawns and attractive flower gardens. And best of all, is the cheer that is found within those homes, extended to all who come beneath the sheltering roof. Go where you will in the great State of Florida, when you return to Gainesville you will be sure to say there may be some as good, but none better than the Central City.

The moral and religious sentiment of the city is too well established to need additional praise. The records show what they are. Not one blot on its fair name, and through the vigilance of the workers along that line the moral aspect is rigidly maintained.

One feature of Gainesville's devotion to educational matters, is the complete harmony of every religious denomination for the upbuilding of our schools.

There is no sentiment manifested in regard to denominations—all the churches being united for the advancement of sound education, regardless of creed. The students of the Seminary selected their own denomination, and Methodist, Baptist, Presbyterian and Episcopalian all worked together for the betterment of the student body.

The members of the numerous secret orders of the city, which are founded on the principles that are calculated to make men companionable and humane, have done much to tighten the bond of unity, and the sentiments of these orders have aided materially in forming a brotherhood that is seldom found in any community.

In business there is no discord—only the natural rivalry necessary to spur men on to greater exertion, and when the doors are closed and the men thus engaged meet to consider the best interests of the city, and express themselves, there is but one sentiment in regard to our schools, and that is to make them the best and the purest for the education of our young ladies and gentlemen.

No word of complaint ever came up regarding the devotion of Gainesville to her schools—she is a school town and always will be, for the people are aware of the fact that the first inheritance is a pure mind and heart and an education.

## GIVE IT TO GAINESVILLE.

The Orange County Reporter would like to go on record as being heartily in favor of Gainesville being selected as the location for the new State University.

It is an ideal location, being near the geographical center of the State and near the center of population, easily accessible from all sections.

For fifty years it has been distinctively a college town.

Its citizenship are thoroughly imbued with a healthy and and enthusiastic educational sentiment.

The new University would start off with the accumulated power and prestige of the East Florida Seminary's fifty years of uninterrupted success.

The wealth of tradition and sentiment which has grown up and about the Seminary would be a rich inheritance to the new University.

There would be at once transferred to the University all the strong affection and powerful influence of the large body of the Seminary alumni, which is now larger than of all the other State schools combined.

Of the high value placed by her citizens upon educational advantages, as shown by her splendid public and private schools and by the hearty support given the East Florida Seminary during its long and useful career.

Of the religious training and large number of scientific lectures given during the National Winter Bible Conference and the Florida Chautauqua held there annually.

Of the religious character of the citizens of the community, as evidenced by the large congregations and beautiful church edifices.

After thorough investigation as to its healthfulness and desirability, it was selected over all competitors by the Odd Fellows as the location for their National Sanitarium.

Of the purity and abundant supply of water. This is shown by analysis to be almost identical with the famous Poland Springs water of Maine.

The moral atmosphere of the city, as shown by the purity of home life; the high moral character of its citizens; the strict enforcement of the prohibition laws—the fact that no whiskey is sold, would be of the greatest benefit to the student body.—Orange County Reporter.

When the labor unions kept out of politics they got along very smoothly. Politics won't mix with anything that has a tendency for good.

The man who undertakes to build up his religious believe by tearing down the belief of others, generally makes little headway.

### News From the Philippines.

Washington, June 12.—The military secretary has received the following cablegram from General Corbin, dated at Manila today: "Brigadier General William H. Carter reports: Captain Cromwell Stary, with 80 men, company E, Twenty-first infantry and Thirty-eighth company Philippine scouts, surprised the main camp of Pulajames on June 4, 15 miles southeast of Catubig. Dagubob, the Pulajan chief, and 40 Pulajanes were killed and six captured. Arms and valued records also captured. None killed on our side, but two were wounded; doing well. Dagubob's death does away with the most trouble some fanatic in the island of Samar. Operations are being carried on in support of and in conjunction with the civil authorities.

### Killed by Divorced Husband.

Aberdeen, Miss., June 12.—Harvie Balding has shot and killed his divorced wife and Harvie Hill near G son, Miss. Balding was divorced last January from the woman and subsequently remarried. Going to the home of his divorced wife, Bolding found Hill there and killed both. He escaped and has not yet been captured.

### Atlanta Woman Injured in Wreck.

Knoxville, Tenn., June 12.—Several coaches of west-bound passenger train No. 35, were derailed at Wolf Creek, 80 miles east of Knoxville this morning about 2 o'clock. Mrs. W. E. Crumley, of Atlanta, Ga., wife of a Southern railway conductor, was injured slightly. There were no other casualties.

### Cuban Diarrhoea.

U. S. soldiers who served in Cuba during the Spanish war know what this disease is, and that ordinary remedies have little more effect than so much water. Cuban diarrhoea is almost as severe and dangerous as a mild attack of cholera. There is one remedy, however, that can always be depended upon, as will be seen by the following certificate from Mrs. Minnie Jacobs of Houston, Texas: "I hereby certify that Chamberlain's Colic, Cholera and Diarrhoea Remedy cured my husband of a severe attack of Cuban diarrhoea, which he brought home from Cuba. We had several doctors but they did him no good. One bottle of this remedy cured him, as our neighbors will testify. I thank God for so valuable a medicine." For sale by all druggists.

### Acute Rheumatism.

Deep tearing or wrenching pains, occasioned by getting wet through, worse when at rest, or on first moving the limbs, and in cold or damp weather, is cured quickly by Ballard's Snow Liniment. Oscar Oleson, Gibson City, Ill., writes, Feb. 16, 1902: "A year ago I was troubled with a pain in my back. It soon got so bad I could not bend over. One bottle of Ballard's Snow Liniment cured me." Sold by W. M. Johnson.

### Lieutenant Probably Drowned.

San Francisco, June 12.—Lieutenant George Blaidesell's mysterious death has been reported on a revenue cutter by the commission appointed from Washington to investigate the circumstances of the officer's disappearance, and probable drowning from the vessel early last Tuesday morning. It was the opion of the committee that a slight lurch of the vessel precipitated Lieutenant Blaisdell into the water and that he was drowned.

### $15,000,000 Hotel For New York.

New York, June 12.—Where the Plaza hotel now stands at Fifty-ninth street and Fifth avenue, overlooking the southern end of Central park, it has been planned to erect within the next year a hotel, which will rival any similar structure in the world. Fifteen stories high and having nearly 1,000 rooms, it will be built at a cost of $15,000,000. The projectors expect to have their hostlery ready for business a year from next autumn.

### Editorial Writer Dead.

New York, June 12.—William E. Rogers, for 11 years editorial writer on the staff of the World, is dead of pneumonia. He was born in Janesville, Wis., in 1865 and was graduated from Beloit. Upon leaving college he went into the newspaper field at St. Paul and Mineapolis subsequently becoming night editor of the Chicago Tribune. In 1881 he came to this city.

### Huge Task.

It was a huge task to undertake the cure of such a bad case of kidney disease as that of C. F. Collier of Cherokee, Ia., but Electric Bitters did it. He writes: "My kidneys were so far gone, I could not sit on a chair without a cushion; and suffered from dreadful backache, headache, and depression. In Electric Bitters, however, I found a cure, and by them was restored to perfect health. I recommend this great tonic medicine to all with weak kidneys, liver or stomach." Guaranteed by all druggists; price 50c.

## GENERAL NEWS.

**Narrow Escape from Cremation.**

New York, June 12.—Thirty-five persons living in a West Thirty-ninth street house which had been remodeled into apartments had a narrow escape early today from death by fire and smoke. One woman was so badly hurt that she may die, and several policemen were injued. The firemen and policemen carried out at least a score of tenants. Mrs. Margaret Donovan, aroused from her sleep by the alarm, fainted and fell where she escaped the notice of the rescuers. She lay on the floor nearly an hour and when discovered was almost dead from inhalig smoke. The financial loss was small.

**Message Came Just in Time.**

Des Moines, Iowa, June 12—Just in time to stop what would have been the first legal hanging in Iowa in ten years, an appeal was filed with the supreme court in the case of Charles Rocker, of Rock Rapids, under sentence for murder. Rocker was to have been hanged at Animosa, but half an hour before the time set for the execution, the papers for an appeal arrived and a long distance telephone message was sent to call off the hanging. Rocker killed his wife's former husband.

**Young Couple Commit Suicide.**

Kansas City, June 12.—Mabel Gates, aged 18 years, and George Job, Jr., were found in a dying condition from the effects of strychnine poisoning on Kansas avenue in Rosedale, Kans., at 1 o'clock this morning and both died before medical aid could be administered. They both protested when an effort was made to save them, and it is supposed they voluntarily took the poison, having made a mutual agreementt to commit suicide. The young couple had been sweethearts for several months.

**Veteran Commits Suicide.**

Kingston, N. Y. June 12—George M. Brink, for many years a prominent Republican politician and a Grand Army veteran, becoming despondent, committed suicide here by hanging himself in his barn. He was fifty-eight years of age. When 14 years of age he enlisted in the Twentieth New York regiment. He was assemblyman from the First Ulster county district in 1890 and 1891, and was postmaster of Kingston during President McKinley's first term, besides holding minor city offices.

**Father Burns Children's Fingers.**

Orange, N. J., June 12.—When W. M. Glover, the South Orange dry goods merchant, who burned the tips of his two children's fingers to teach the children to let matches alone, was arraigned before Magistrate Taylor at South Orange by the Children's Aid and Protective society, which had been the cause of Glover's arrest, made a motion to withdraw the complaint. Magistrate Taylor, however, would not consent, and the case was put over.

**Found a Cure for Dyspepsia.**

Mrs. S. Lindsay of Fort William, Ontario, Canada, who has suffered quite a number of years from dyspepsia and great pains in the stomach, was advised by her druggist to take Chamberlain's Stomach and Liver Tablets. She did so and says, "I find that they have done me a great deal of good. I have never had any suffering since I began using them." If troubled with dyspepsia or indigestion why not take these tablets, get well and stay well? For sale by all druggists.

**Long Sentence for Train Robber.**

St. Paul, June 12.—Fifty years in prison at hard labor was the punishment meted out to Clarence B. Young, the bandit who held up and dynamited the express car of the North Coast limited Northern Pacific train on Sunday, May 27. Young entered a plea of guilty and told the court that he did it in fun.

**Girl Would Die for Actor.**

Menominee, Mich., June 12—Spurned by an actor of whom she had become enamored, Henrietta Oakman attempted to end her life by taking carbolic acid. The attempt was discovered immediately and the girl's life saved. The actor has left the city.

**No Secret About It.**

It is no secret that for cuts, burns, ulcers, fever sores, sore eyes, boils, etc., nothing is so effective as Bucklen's Arnica Salve. "It didn't take long to cure a bad sore I had, and it is all O. K. for sore eyes," writes D. L. Gregory of Hope, Tex. 25c at all drug stores.

# How Is Your Heart?

Is your pulse weak, too slow, too fast, or does it skip a beat?

Do you have shortness of breath, weak or hungry spells, fainting, smothering or choking spells, palpitation, fluttering, pains around the heart, in side and shoulder; or hurt when lying on left side?

If you have any of these symptoms your heart is weak or diseased, and cannot get better without assistance.

Dr. Miles' Heart Cure strengthens weak hearts, and rarely ever fails to cure heart disease. Try it, and see how quickly you will find relief.

"About January 1st, 1902, I took down with weakness and dropsy, and gradually grew worse. I was told by my family physician that my case was hopeless. My neighbors and family had given me up to die. My limbs and body were swollen to one-third larger than normal size, and water had collected around my heart. For at least three months I had to sit propped up in bed to keep from smothering. I sent for five bottles of Dr. Miles' Heart Cure, and by the time I had taken them all I was entirely cured. I feel better than I have for twenty years, and I am able to do any kind of work on my farm. My attending physician told me that if it hadn't been for Dr. Miles' Heart Cure I would now be in my grave."
L. T. CURD, Wilmore, Ky.

Dr. Miles' Heart Cure is sold by your druggist, who will guarantee that the first bottle will benefit. If it fails he will refund your money.

## CULTIVATE TACT.

**If You Do Not Possess It, Strive to Acquire It.**

I want it recognized that tact should be taught continuously, seriously, thoroughly; that it should be placed in the forefront of education and take its natural first place side by side with the catechism, writes Frank Danby in Black and White.

A friend of mine recently suffering under a great bereavement was in the receipt of innumerable letters and telegrams from friends, acquaintances and the general public. Out of the 1,140 of such communications two only hit the right note. Among pages of sentimental and religious commonplace two messages alone touched the heart.

"He was a man I loved. I am with you in your grief," was one.

The other ran: "You have lost your best pal. He was mine too. God help us both."

Both of them epitomized the senders—men with great hearts. But the acquisition of tact by some of the other sympathizers would have supplied its place.

Again, paying an afternoon visit recently, my hostess, wanting a book to which our conversation had referred, rang the bell. Within two minutes the servant appeared with tea, and the following colloquy occurred:

"Who told you to bring tea?"

"Please, ma'am, I thought that was what you rang for."

"Well, please don't think. I hired you to answer the bell. It wasn't the signal for a guessing competition. When I want you to do that I'll supply the kitchen with a copy of a newspaper."

I was not surprised to hear this lady changed her servants frequently.

**In Darkest London.**

In his book, "Child Slaves of Great Britain," Robert H. Sherard writes: "There are thousands of our poor children in London starving not on account of the poverty of the parents, but by reason of the ignorance and sloth of the mothers. They know nothing of cookery; they wish to know nothing. They do not care for the trouble. In every London slum you will find a fried fish shop or a cooked meat shop or a grocer who sells cheese and pickles and potted things. It is much easier and 'less worriting-like' to send the children out with coppers for a penn'orth of fish and chips or a bit of cheese and pickles than to cook anything for them."

**Dying of Famine**

Is, in its torments, like dying of consumption. The progress of consumption, from the beginning to the very end, is a long torture, both to victim and friends. "When I had consumption in its first stage," writes Wm. Myers of Cearfoss, Md., "after trying different medicines and a good doctor, in vain, I at last took Dr. King's New Discovery, which quickly and perfectly cured me." Prompt relief and sure cure for coughs, colds, sore throat, bronchitis, etc. Positively prevents pneumonia. Guaranteed at all drug stores. Price 50c and $1 a bottle. Trial bottle free.

**The Ptarmigan.**

There are few birds whose plumage is so variable as the ptarmigan's. Three times in the year its plumage changes. It has separate coats for spring, autumn and winter. At the beginning of November it puts on the last costume of the season. Its spring brown and summer gray serve well to hide it among the scanty herbage of its haunts from the keen eye of the soaring falcon.

**True Economy.**

"So you have bought your wife another expensive ring. Isn't that a waste of money?"

"On the contrary, it is true economy, for she won't require half so many pairs of gloves as formerly."

There cannot be a greater rudeness than to interrupt another in the current of his discourse.—Locke.

**Stimulation Without Irritation.**

In case of stomach and liver trouble the proper treatment is to stimulate these organs without irratating them. Orino Laxative Fruit Syrup aids digestion and stimulates the liver and bowels without irritating these organs like pills or ordinary cathartics. It does not nauseate or gripe and is mild and pleasant to take. J. W. McCollum & Company.

### FEUD BREAKS OUT AFRESH.

**Prominent Kentucky Physician Is Assassinated in that State.**

Falmouth, Ky., June 12—Dr. Edward Courtney, a young physician and member of one of the best families in this section was assassinated near the village of Neauve.

Courtney formed a partnership with Dr. W. M. Karney at Litchfield two years ago. During the partnership they had a misunderstanding and Dr. Karney was shot and killed last December.

Since the occurrence there has been a feud in the neighborhood. Karney was a young man of great popularity, belonging to all the secret societies, and when he was killed the young men took up his fight on the Courtneys.

Dr. Courtney is under a $10,000 bond in the Bracken criminal court on the charge of killing Karney.

The sheriff of Bracken county and his deputies are hastening to the scene to prevent ony further disturbances.

The adherents of the two factions met in Falmouth last Monday and nearly created a riot. The Courtneys claim to know who did the shooting.

### Senator Dodd Is Pardoned.

Atlanta, June 12.—The prison commission has recommended that a pardon be granted former State Senator W. P. Dodd, of the forty-third district, who is serving a two-year sentence at the state prison farm for embezzlement of county school funds while he was school commissioner of Gordon county. Dodd has served a year and one month of his sentence. When Dodd was convicted he went direct to the state farm at Milledgeville without a guard and surrendered himself to the penitentiary authorities there, carrying with him an order from the prison commission which directed the warden to receive him.

### Cured of Bright's Disease.

Geo. A. Sherman, Lisbon Red Mills, Lawrence county, N. Y., writes: "I had kidney disease for many years and had been treated by physicians for twelve years; had taken a well known kidney medicine and other remedies that were recommended but got no relief until I began using Foley's Kidney Cure. The first half bottle relieved me and four bottles have cured me of this terrible disease. Before I began taking Foley's Kidney Cure I had to make water about every fifteen minutes, day and night, and passed a brick-dust substance, and sometimes a slimy substance. I believe I would have died if I had not taken Foley's Kidney Cure." J. W. McCollum & Co.

### Fatal Head-On Collision.

Dallas, Tex., June 12.—A head-on collision between two Texas and New Orleans trains occurred in which two trainmen lost their lives and several others were more or less hurt. The wreck occurred near Spochard, 8½ miles north of Athens. The dead are J. E. Brown, engineer, of Dallas; —— Carter, fireman, of Ennis, Tex. The injured are two brakemen named Young and Bass, respectively. Fireman Carter was instantly killed and Engineer Brown's body was so badly crushed that he died. Both bodies were brought in Dallas on a special train. Further particulars of the accident are unobtainable.

### Prize Offered for Best Essay.

Knoxville, Tenn., June 12.—Dr. Brown Ayres, president of the University of Tennessee, of this city, has received from William Jennings Bryan a draft for $400. This is offered as a prize for the best essay, by a student of the University of Tennessee, upon the subject "The Principles of Free Government." Mr. Bryan, as trustee of the Philo S. Bennett estate, is distributing $10,000 among twenty-five colleges of as many states, each institution to offer the amount received for the best dissertation upon the subject above given.

### New Orleans Man President.

Guthrie, Okla., June 12—The annual session of the National Editorial association adjourned after electing these officers: President, John Ymond, of New Orleans; first vice president, Jno. E. Junkin, Sterling, Kans.; second vice president Henry B. Varner, Lexington, N. C.; corresponding secretary, William A. Ashbrook, Johnstown, Ohio; recording secretary, J. W. Cockrum, Oakland City, Ind.; Indianapolis was chosen for 1906.

### Will Cure Consumption.

A. A. Herren, Finch, Ark., writes: "Foley's Honey and Tar is the best preparation for coughs, colds and lung trouble. I know that it has cured consumption in the first stages." You never heard of anyone using Foley's Honey and Tar and not being satisfied. J. W. McCollum & Co.

### BEAUTIFUL EYES.

**"The Windows of the Soul" From the Artist's Viewpoint.**

What is the definition of beautiful eyes? Why are some eyes beautiful and others ugly? What makes the eye beautiful? To this a Paris artist, an impressionist, makes the following reply:

"Eyes are beautiful according to their size. Small eyes may twinkle, but they cannot express. Little eyes may twinkle like stars, but they cannot blind you. Eyes that are undersized may glow, but they can never fascinate.

"The eyes must be prominent. Sunken eyes are sad. Eyes that lie deep in the eye sockets make you think of treason, of strategy, of deeds that are dark, not deeds that are open. Deep student eyes may be indicative of deep student thoughts, but they are not attractive.

"Dry, hard eyes are never lovely; neither are eyes that have wrinkles over them or between them. Eyes that are lined with crow's feet are always unlovely.

"The color of the eyes is said to depend upon a pigment which supplies them with color. But this coloring pigment is not always reliable. Deep blue eyes will look faded if one is tired. The color pigment does not flow freely. If agitated they will darken and deepen in hue.

"Dark brown or black eyes will grow still darker and blacker when one is excited. But when one is weary or has used the eyes to excess they will look faded. The moral is do not use the eyes too long and do not use them at all when you want to look your best.

"Big eyes are almost always beautiful.

"Prominent eyes are apt to be handsome, but they are repulsive if too prominent. The woman whose eyes stick out of her head has little redress. If she can manage to grow fat the prominence will be less noticeable. A fleshy face generally conceals the prominence of the eyes.

"The best color for ideal eyes is a deep brown. Velvet brown it was called in the old fashioned novels. Great velvet brown, fawnlike eyes were ideal.

"The eyes to be beautiful must be swept by very long lashes which shade them and give them a deepness and brilliancy not their own. Every device is used to make the lashes grow, but where this cannot be accomplished then the eyes must be darkened in other ways. They must be kept healthy, which is always a point of beauty with any eyes.

"Long eyes are always desirable. There is a certain quizzical beauty about the long, almond shaped eye which is most bewitching. The eyes of the orientals are very attractive, long and brilliant and full of fire.

"Round eyes were once considered very pretty. True, they are babyish, but they are very seldom really handsome. They are apt to degenerate when one gets a little older into pop eyes, a term applied to eyes that stick out of the head and are devoid of beauty. Round eyes become pop eyes at thirty.

"The handsomest eyes—and all women should pray for pretty eyes—are long, dark, brilliant and well shaded with lashes. They are big and glowing and expressive, and there is that quality about them which one calls deep. Deep, beautiful dark eyes, heavily shaded with sweeping lashes, are a special gift of the gods vouchsafed to few, but very much admired wherever they are found."—Brooklyn Eagle.

### Printers' Errors.

A reader forwards me a pleasant addition to my collection of printers' errors, says T. P.'s London Weekly. It was told him by the late C. Farquharson Findlay, for some years editor of the Dover Chronicle, as having happened to him personally. He had occasion to write of the "blind guides who strain at a gnat and swallow a camel," which appeared in print as "who strain at a quart and swallow a canal."

Did any of my readers notice, I wonder, a delightful error of this kind in one of the reviews, in which Sir Henry Campbell-Bannerman was described as "brandishing a mailed fish?" It rather reminds one of the famous Spoonerism about "feeling a hail warmed fish in your bosom."

### A Bad Scare.

J. B. Gerald, general agent for the New Home sewing machine, is at home from a trip through Alabama. Mr. Gerald states that the people of Alabama as a rule are prosperous and happy and are enjoying success in every branch of life. The prospects for fine crops were never better. The merchants are hopeful and altogether there is an air of prosperity throughout the entire State.

Prof. G. W. Bonner, who for the past season was the popular and efficient principal of the Hawthorn school, has been assigned to a summer school at Santa Fe, beginning the 19th inst. and continuing for a period of two and a half months. Prof. Bonner is one of the most competent and most thorough teachers in the county and will no doubt make a success of the Santa Fe summer school.

L. J. Burkhim, supreme representative from Florida of the Knights of Honor, left yesterday for Atlanta, where he will attend the session of the Supreme Lodge of the United States, which convened yesterday and will continue until the 20th. Representatives from every State in the Union, Canada and Mexico, will be present at this meeting, and a most beneficial session is anticipated.

Mrs. Edith Hunter, formerly of Hawthorn but for the past winter a member of the faculty of the Jensen High School, East Coast, passed through the city yesterday en route to High Springs, where she expects to remain for a few weeks. Mrs. Hunter states that the term at Jensen was very successful from every standpoint. She is delighted with that country, but has not yet decided whether she will return next season. She is one of the most competent teachers Alachua county has ever had, and her friends feel like insisting upon her remaining here.
